This part provides regulations for the Refined Sugar Re-Export Program, the Sugar Containing Products Re-Export Program, and the Polyhydric Alcohol Program. Under these provisions, refiners may enter raw sugar unrestricted by the quantitative limit established for the raw sugar tariff-rate quota or the requirements of certificates of quota eligibility provided for in 15 CFR part 2011, as long as licensees under the programs export an equivalent quantity of refined sugar, either as refined sugar or as an ingredient in sugar containing products, or use the refined sugar in the production of certain polyhydric alcohols.

The unique number is the means by which program transactions will be tracked.

§ 1530.102 Nature of the license.

(a) A person who wishes to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program must first obtain a license from the USDA, through the Licensing Authority.

(b) A license under the Refined Sugar Re-export Program permits a refiner to enter raw cane sugar under subheading 1701.11.20 of the HTS, and export an equivalent quantity of refined sugar onto the world market or transfer an equivalent quantity of refined sugar to licensees under the Sugar Containing

Products Re-export Program or the Polyhydric Alcohol Program.

(c) A license under the Sugar Containing Products Re-export Program or Polyhydric Alcohol Program permits licensees to receive transfers and export an equivalent quantity of sugar as an ingredient in sugar containing products, or use an equivalent quantity of sugar in the production of certain polyhydric alcohols.

(d) All refining, manufacturing, and production shall be accomplished in the U.S. Customs Territory, and within time-frames and quantity limitations prescribed in this part. Program sugar and non-program sugar are substitutable.

(e) A licensee must establish a bond or a letter of credit in favor of the U.S. Department of Agriculture to charge program sugar in anticipation of the export or transfer of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols.

§ 1530.103 License eligibility.

(a) A raw cane sugar refiner, a manufacturer of sugar containing products, or a producer of certain polyhydric alcohols, that owns and operates a facility within the U.S. Customs Territory, is eligible for a license to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program, respectively.

(b) No person may apply for or hold more than one license, including a license held by an affiliated person.

(c) Notwithstanding paragraph (b) of this section, a person who owns one or more wholly-owned subsidiary corporations manufacturing sugar containing products or producing certain polyhydric alcohols, which would otherwise qualify for an individual license, is eligible for a consolidated license to cover the program transactions and other program activities of both the parent corporation and the subsidiary corporation(s). The program transactions and other program activities of the subsidiary corporation(s) covered by a consolidated license shall be treated as the activities of the corporation holding the consolidated license.

(d) Notwithstanding paragraph (c) of this section, each wholly-owned subsidiary manufacturing sugar containing products or producing certain polyhydric alcohols may establish a license for program activities instead of the parent corporation establishing a consolidated license. The sum total of license limits for the parent corporation and its wholly-owned subsidiary corporation(s) shall not exceed the quantitative limits established in § 1530.105 of this part.

§ 1530.104 Application for a license.

(a) A person seeking a license shall apply in writing to the Licensing Authority and shall submit the following information:

(1) The name and address of the applicant;

(2) The address at which the applicant will maintain the records required under § 1530.110;

(3) The address(es) of the applicant's processing plant(s), including any wholly-owned subsidiary(s) and plant(s) in the case of a consolidated license, and including those of any co-packer(s);

(4) In the case of a refined sugar product, the polarity of the product and the formula proposed by the refiner for calculating the refined sugar in the product;

(5) In the case of a sugar containing product, the percentage of refined sugar (100 degree polarity), on a dry weight basis, contained in such product(s);

(6) In the case of polyhydric alcohol, the quantity of refined sugar used producing certain polyhydric alcohols; and

(7) A certification explaining that the applicant is not affiliated with any other licensee, or explaining any affiliations, should they exist.

(b) A documentation agreement must be concluded with the Licensing Authority.

(c) If any of the information required by paragraph (a) of this section changes, the licensee shall promptly apply to the Licensing Authority to amend the application to include such changes.

§ 1530.105 Terms and conditions.

(a) A licensed refiner (refiner) shall, not later than 90 days after entering a quantity of raw cane sugar under subheading 1701.11.20 of the HTS, export or transfer an equivalent quantity of refined sugar if the entry results in a positive license balance.

(b) A licensed sugar containing products manufacturer (manufacturer) or a licensed polyhydric alcohol producer (producer) shall, not later than 18 months from the date of transfer of a quantity of refined sugar from a refiner, export an equivalent quantity of refined sugar as an ingredient in a sugar containing product if the transfer results in a positive license balance, or use an equivalent quantity of refined sugar in the production of certain polyhydric alcohols if the transfer results in a positive license balance, respectively.

(c) Notwithstanding paragraphs (a) and (b) of this section, licensees may receive credit for the exportation or transfer of refined sugar, the exportation of a sugar containing product, or the production of certain polyhydric alcohols prior to the corresponding date of entry of raw cane sugar the date of transfer of refined sugar.

(d) Licensees are encouraged to submit monthly program transaction reports, but shall report no later than 90 days from the date of entry, transfer, export, or use.

(e) A refiner may enter raw sugar, or a manufacturer or producer may receive a transfer of refined sugar, in anticipation of the transfer or export of refined sugar (refiner), the export of sugar in sugar containing products (manufacturer) or the production of a polyhydric alcohol (producer) not to exceed the value of a bond or letter of credit, which must be established pursuant to § 1530.107 of this part. The value of a bond or letter of credit shall not exceed the license limits established in this section.

(f) A refiner shall not exceed a license balance of 50,000 metric tons, raw value for the sum of all charges and credits.

(g) A refiner may enter raw sugar from Mexico and re-export, within 30 days of entry, refined sugar to Mexico without a charge against the refiner's

license balance. If the refined sugar is not re-exported to Mexico within 30 days of entry, the license shall be charged the quantity that has not been re-exported.

(h) A manufacturer or a producer shall not exceed a license balance of 10,000 short tons, refined value for the sum of all charges and credits.

(i) A manufacturer's or a producer's consolidated license balance, or the sum of a parent company and wholly-owned subsidiary license balances if held separately, shall not exceed a license balance of 25,000 short tons, refined value for the sum of all charges and credits.

(j) For the purposes of the programs governed by this part, sugar is fully substitutable. The refined sugar transferred, exported, or used does not need to be the same sugar produced by refining raw sugar entered under subheading 1701.11.20 of the HTS.

(k) A licensee may use an agent to carry out the requirements of participation in the program. The licensee must retain ownership of and responsibility for the product until exported from the U.S. Customs Territory, to a restricted foreign trade zone, or used in the production of certain polyhydric alcohols, and must establish and maintain sufficient documentation, as agreed in the documentation agreement pursuant to § 1530.110, to substantiate export of the product or the production of certain polyhydric alcohols.

(l) A license may be assigned only with the written permission of the Licensing Authority and subject to such terms and conditions as the Licensing Authority may impose.

(m) The Licensing Authority may impose such conditions, limitations or restrictions in connection with the use of a license at such time and in such manner as the Licensing Authority, at his or her discretion, determines to be necessary or appropriate to achieve the purposes of the relevant program.

§ 1530.106 License charges and credits.

(a) A license shall be charged or credited for the quantity of sugar entered, transferred, exported, or used, adjusted to a dry weight basis. Refiner quantities shall be adjusted to raw value, using the formulas set forth in para-

graphs (a) (1), (2), and (3) of this section. Manufacturer and producer quantities shall be adjusted to 100 degrees polarity on a dry weight basis.

(1) To adjust the raw value for sugar with a polarization of less than 92 degrees, divide the total sugar content by 0.972 (polarization × outturn weight/.972).

(2) To adjust the raw value for sugar with polarization of 92 degrees or above, multiply the polarization times 0.0175, subtract 0.68, and multiply the difference by the outturn weight (((polarization × 0.0175) - 0.68) × outturn weight).

(3) To determine the quantity of refined sugar that must be transferred or exported to equal a corresponding quantity of entered raw sugar charged to a license, divide the quantity of entered raw sugar by 1.07 (raw quantity/1.07).

(b) [Reserved]

§ 1530.107 Bond or letter of credit requirements.

(a) The licensee may charge program sugar in anticipation of the transfer or export of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols, if the licensee establishes a performance bond or a letter of credit with the U.S. Department of Agriculture, which meets the criteria set forth in this section.

(b) The bond or letter of credit may cover entries made either during the period of time specified in the bond (a term bond) or for a specified entry (a single entry bond).

(c) Only the licensee who will refine the sugar, manufacture the sugar containing product, or produce certain polyhydric alcohols may be the principal on the bond or letter of credit covering such sugar to be re-exported or used in the production of certain polyhydric alcohols. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond or letter of credit shall be made effective no later than the date of entry of the

§ 1530.108

sugar for refiners or the date of transfer of the corresponding sugar for manufacture into a sugar containing product or certain polyhydric alcohols.

(e) The amount of the bond or letter of credit shall be equal to 20 cents per pound of sugar to be entered under the license.

(f) If a licensee fails to qualify for credit to a license within the specified time period of the date of export or use of corresponding sugar in an amount sufficient to offset the charge to the license for that corresponding sugar, payment shall be made to the U.S. Treasury. The payment shall be equal to the difference between the Number 11 contract price and the Number 14 contract price (New York Coffee, Sugar and Cocoa Exchange) in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export or use was required, whichever difference is greater. The difference shall be multiplied by the quantity of refined sugar, converted to raw value, that should have been exported in compliance with this part. If there was not a Number 11, or a Number 14 contract price for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

§ 1530.108 Revocation or surrender of licenses.

(a) A license may be revoked upon written notice by the Licensing Authority.

(b) A licensee may surrender a license when the sum of all credits is equal to or greater than the sum of all charges.

§ 1530.109 Reporting.

(a) A licensee may submit as often as monthly for charges and credits against a license balance, but must submit at least a quarterly report to the Licensing Authority not later than 90 days after the earliest transaction in the report for which credits or charges are being submitted. The licensee need not report when there have not been transactions during the reporting period.

(b) Reports may be submitted by e-mail, U.S. mail, private courier, or in

7 CFR Ch. XV (1-1-14 Edition)

person, but must be in an integrated database format acceptable to the Licensing Authority. A copy of this format may be obtained from the Licensing Authority. Applicants unable to submit a report in the specified electronic format may seek a temporary waiver to permit them to submit the report on paper.

(c) The reports must include the following for all program transactions:

(1) A unique number associated with the transaction;

(2) The date of the entry, transfer (only a refiner shall report transfers to the Licensing Authority), export, or use;

(3) The quantity of program sugar entered, transferred, exported as refined sugar, or used in the production of certain polyhydric alcohols;

(4) The licensee's license number, or if a transfer is being reported, the licensee's license number as well as the transfer recipient's license number;

(5) The country of origin (entry of raw sugar) or final destination (refined exports), using the exact country code designated in the HTS; and

(6) The initial and final polarization, and final weight (when available) for entries of raw sugar.

(d) Licensees have an affirmative and continuing duty to maintain the accuracy of the information contained in previously submitted reports.

(1) The licensee shall immediately notify the Licensing Authority and promptly request that previously claimed credits be charged back upon discovery that previously claimed exports of refined sugar, refined sugar in sugar containing products, or refined sugar used in the production of polyhydric alcohol were re-entered into the U.S. Customs Territory without substantial transformation, not used in the production of certain polyhydric alcohols, made under a false underlying proof of export, or made but previously submitted exports do not otherwise satisfy the requirements of regulations or the documentation agreement.

(2) Charge backs shall be as of the date of the erroneously claimed credit.

Foreign Agricultural Service, USDA

§ 1530.112

§ 1530.110 Records, certification, and documentation.

(a) A licensee shall establish a documentation agreement with the Licensing Authority before submitting for credit against a license. The licensee shall propose to the Licensing Authority a list of documents to substantiate entries, transfers, exports, or use as appropriate. The Licensing Authority shall consider the licensee's proposal to assure that it provides that a program transaction is fully substantiated, and shall then respond in writing to the licensee in a timely fashion outlining any deficiencies. Once agreed, the licensee shall submit a notarized letter specifying the documents to be maintained on file and certifying that the charges and credits made pursuant to § 1530.106 will be kept on file, identifiable by a unique number, and available for inspection pursuant to § 1530.110.

(b) For all transactions, the documentation shall:

(1) Substantiate the information required in § 1530.109 (c), and the completion of the reported transaction;

(2) Establish the buyer and seller specifications for a transaction;

(3) Include all U.S. Customs forms submitted in the entry or export process;

(4) Provide the correct telephone numbers and addresses of any agents, consignees, foreign purchasers, and non-vessel operating common carriers used in completing the transaction;

(5) Indicate the port of entry or export for the program transaction;

(6) Provide the percentage of sugar in a sugar containing product or certain polyhydric alcohols; and

(7) Provide the name of export carrier, vessel name, and container number.

(c) The licensee shall maintain the documentation established in the documentation agreement for 5 years from the date of such program transaction.

(d) Upon request, the licensee shall make the records, outlined by the documentation agreement and identified (associated) by the unique number assigned by the licensee to the program transaction as reported to the Licensing Authority for posting against a license balance, available for inspection and copying by the Licensing Author-

ity, the Compliance Review Staff of the Foreign Agricultural Service, and/or the Office of the Inspector General, USDA, the U.S. Department of Justice, or any U.S. Government regulatory or investigative office.

§ 1530.111 Enforcement and penalties.

(a) The Licensing Authority may revoke credits granted on a license if the credits granted do not meet the requirements set forth in the regulations of this part, or if the licensee does not voluntarily charge back credits erroneously claimed in accordance with these regulations. The Licensing Authority may also recommend revocation of a license, if the licensee has been in violation of § 1530.109 (c) of this part.

(b) The Administrator of the Foreign Agricultural Service, USDA, may suspend or revoke a license upon recommendation of the Licensing Authority. Suspension of a license will be governed by 7 CFR part 3017, subpart D and debarment will be governed by 7 CFR part 3017, subpart C.

§ 1530.112 Administrative appeals.

(a) The licensee may appeal the Licensing Authority's determination by filing a written notice of appeal, signed by the licensee or the licensee's agent, with the Director, Import Policies and Programs Division, Foreign Agricultural Service (Director), or his or her designee. The decision on such an appeal shall be made by the Director, and will be governed by § 3017.515 of this title. The appeal must be filed not later than 30 days after the date of the Licensing Authority's determination, and shall contain the licensee's written argument.

(b) The licensee may request an informal hearing. The Director shall arrange a place and time for the hearing, except that it shall be held within 30 days of the filing date of the notice of appeal if the licensee so requests.

(c) The licensee may be represented by counsel, and shall have full opportunity to present any relevant evidence, documentary or testimonial. The Director may permit other individuals to present evidence at the hearing and the licensee shall have an opportunity to question those witnesses.

§ 1530.113

(d) The licensee may request a verbatim transcript of the hearing, and shall be responsible for arranging for a professional reporter and shall pay all attendant expenses.

(e) The Director shall make the determination on appeal, and may affirm, reverse, modify or remand the Licensing Authority's determination. The Director shall notify the licensee in writing of the determination on appeal and of the basis thereof. The determination on appeal exhausts the licensee's administrative remedies.

§ 1530.113 Waivers.

Upon written application of the licensee or at the discretion of the Licensing Authority, and for good cause, the Licensing Authority may extend the period for transfer, export, or production, and/or may temporarily increase a maximum license limit, may extend the period for submitting regularly scheduled reports, or may temporarily waive or modify any other requirement imposed by this part if the Licensing Authority determines that such a waiver will not undermine the purpose of the relevant program or adversely affect domestic sugar policy objectives. The Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.114 Implementation.

Current program participants may qualify under this rule upon concluding a documentation agreement with the Licensing Authority, but must conclude a documentation agreement within 24 months of the effective date of this rule. Participant license balances, as of the effective date of this rule, shall continue under this rule.

1570.10 General statement.

Subpart B—SOAP and COAP Drawback Certification

1570.1100 Drawback certification.

SOURCE: 56 FR 42223, Aug. 27, 1991, unless otherwise noted.

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

AUTHORITY: 7 U.S.C. 5663.

§ 1570.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Sunflowerseed Oil Assistance Program (SOAP) and Cottonseed Oil Assistance Program (COAP) administered by the Foreign Agricultural Service (FAS). These criteria are interrelated and will be considered together in order to select eligible countries for SOAP and COAP initiatives which will best meet the programs' objective. The objective of the programs is to encourage the sale of additional quantities of sunflowerseed oil and cottonseed oil in world markets at competitive prices. Under the SOAP and the COAP, bonuses are made available by FAS to enable exporters to meet prevailing world prices for sunflowerseed oil and cottonseed oil in targeted destinations. In the operation of the SOAP and the COAP, FAS will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1570.20 Criteria.

The criteria considered by FAS in reviewing proposals for SOAP and COAP initiatives will include, but not be limited to, the following:

- (a) The expected contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. sunflowerseed and/or cottonseed oil;
- (b) The subsidy requirements of proposed initiatives in relation to the sums made available to operate the programs in any given fiscal year; and
- (c) The likelihood that sales facilitated by initiatives would have the unintended effect of displacing normal commercial sales of sunflowerseed and/or cottonseed oil.

Subpart B—SOAP and COAP Drawback Certification

AUTHORITY: 7 U.S.C. 5676.

§ 1570.1100 Drawback certification.

An offer submitted by an exporter to FAS for an export bonus under the SOAP or the COAP must contain, in addition to any other information required by FAS, a certification stating the following: "None of the eligible commodity (sunflowerseed oil and/or cottonseed oil) has been or will be used as the basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax, or fee imposed under Federal law on an imported commodity or product." This certification must be signed by the exporter, if the exporter is an individual, or by a partner or officer of the exporter, if the exporter is a partnership or a corporation, respectively. FAS will reject any offer that does not contain the prescribed certification.

L. 107–210), and re-authorized and modified by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5). The regulations establish procedures by which a group of producers of raw agricultural commodities or fishermen (jointly referred to as “producers”) can petition for certification of eligibility and through which individual producers covered by a certified petition can apply for technical assistance and cash benefits for the development and implementation of approved business adjustment plans.

§ 1580.102 Definitions.

As used in the part, the following terms mean:

Agricultural commodity means any commodity in its raw or natural state; found in chapters 1, 3, 4, 5, 6, 7, 8, 10, 12, 14, 23, 24, 41, 51, and 52 of the Harmonized Tariff Schedule of the United States (HTS).

Certification of eligibility means the date on which the Administrator (FAS) announces in the FEDERAL REGISTER or by Department news release, whichever comes first, a certification of eligibility to apply for trade adjustment assistance.

Contributed importantly means a cause which is important, but not necessarily more important than any other cause.

County price maintained by the Secretary means a daily price obtained from a USDA agency for the commodity and producer location, except that weekly or monthly prices may be used if daily prices are unavailable.

Department means the U.S. Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs of the Farm Service Agency (FSA).

Family member means an individual to whom a producer is related as spouse, lineal ancestor, lineal descendent, or sibling, including:

- (1) Great grandparent;
- (2) Grandparent;
- (3) Parent;
- (4) Children, including legally adopted children;
- (5) Grandchildren;
- (6) Great grandchildren;
- (7) Sibling of the family member in the farming operation; and
- (8) Spouse of a person listed in paragraphs (1) through (7) of this definition.

Filing period means the dates during which petitions may be submitted, as published in the FEDERAL REGISTER.

FSA means the Farm Service Agency of the U.S. Department of Agriculture.

Group means three or more producers who are not members of the same family.

Impacted area means one or more States of the United States.

§ 1580.201 Petitions for trade adjustment assistance.

(a) A group of producers in the United States or its authorized representative may file a petition for trade adjustment assistance.

(b) Filings may be written or electronic, as provided for by the Administrator (FAS), and submitted to FAS no later than the last day of the filing period announced in the FEDERAL REGISTER. Petitions received after this date will be returned to the sender.

(c) Petitions shall include the following information.

(1) Name, business address, phone number, and e-mail address (if available) of each producer in the group, or its authorized representative. The petition shall identify a contact person for the group.

(2) The agricultural commodity and its Harmonized Tariff Schedule of the United States (HTS) number.

(3) The production area represented by the group or its authorized representative. The petition shall indicate if the group is filing on behalf of all producers in the United States, or if it is filing solely on behalf of all producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area.

(4) The beginning and ending dates for the marketing year upon which the petition is based. A petition may be filed for only the most recent full marketing year for which data are available for national average prices, or quantity of production, or value of production, or cash receipts.

(5) A justification statement explaining why the petitioners should be considered eligible for adjustment assistance.

(6) Supporting information justifying the basis of the petition, including required data for the petitioned marketing year and the previous 3 marketing years.

(i) Whenever possible, the petitioners shall use national average data compiled by the National Agricultural Statistics Service (NASS) or the National Marine Fisheries Service (NMFS), to determine national average prices, or quantity of production, or value of production, or cash receipts. If NASS or NMFS has not compiled such data for the commodity, the petitioners shall provide alternative data for the marketing year under review and for the

previous 3 marketing years, and identify the source of the data. In such cases the Administrator (FAS) shall determine if the alternative data is acceptable.

(iii) The Administrator (FAS) may request petitioners to provide records to support their data.

(d) Once the petition is received, the Administrator (FAS) shall determine if it meets the requirements of § 1580.201(c) of this part, and if so, publish notice in the FEDERAL REGISTER that a petition has been filed and that an investigation is being initiated. The notice shall identify the agricultural commodity, including any like or directly competitive commodities, the marketing year being investigated, the data being used, and the production area covered by the petition. The notice may also announce the scheduling of a public hearing, if requested by the petitioner. If the petition does not meet the requirements of § 1580.201(c) of this part, the Administrator (FAS) shall notify as soon as practicable the contact person or the authorized representative for the group of the deficiencies.

§ 1580.202 Hearings, petition reviews, and amendments.

(a) If the petitioner, or any other person found by the Administrator (FAS) to have a substantial interest in the proceedings, submits not later than 10 days after the date of publication of notice in the FEDERAL REGISTER under § 1580.201(d) of this part, a request in writing for a hearing, the Administrator (FAS) shall provide for a public hearing and afford such interested person an opportunity to be present, to produce evidence, and to be heard.

(c) A producer or group of producers that resides outside of the State or region identified in the petition filed under paragraph (a) of this section, may file a request to become a party to that petition not later than 15 days after the date that the notice is published in the FEDERAL REGISTER under § 1580.201(d) of this part. The Administrator (FAS) may amend the original petition to expand the impacted area and include the additional filer, or consider it a separate filing.

(d) The Administrator (FAS) shall publish in the FEDERAL REGISTER as soon as practicable any changes to the original notice resulting from any actions taken under this section.

§ 1580.203 Determination of eligibility and certification by the Administrator (FAS).

(a) As soon as practicable after the petition has been filed, but in any event not later than 40 days after that date, the Administrator (FAS) shall certify a group of producers as eligible to apply for adjustment assistance under this chapter if the Administrator (FAS) determines:

(1) At least one of the following:

(ii) The quantity of production of the agricultural commodity produced by the group during such marketing year is less than 85 percent of the average of the quantity of production of the commodity produced by the group in the 3 marketing years preceding such marketing year; or

(iii) The value of production of the agricultural commodity produced by

the group during such marketing year is less than 85 percent of the average value of production of the commodity produced by the group in the 3 marketing years preceding such marketing year; or

(2) The volume of imports of articles like or directly competitive with the agricultural commodity produced by the group in the marketing year with respect to which the group files the petition increased compared to the average volume of such imports during the 3 marketing years preceding such marketing year; and

(3) The increase in such imports contributed importantly to the decrease in the national average price, or quantity of production, or value of production, or cash receipts for, the agricultural commodity.

(b) In any case in which there are separate classes of goods within an agricultural commodity, the Administrator (FAS) shall treat each class as a separate commodity in determining:

(1) Group eligibility;

(2) The national average price, or quantity of production, or value of production, or cash receipts; and

(3) The volume of imports.

(c) Upon making a determination, whether affirmative or negative, the Administrator (FAS) shall promptly publish in the FEDERAL REGISTER a summary of the determination, together with the reasons for making the determination.

(d) In addition, the Administrator (FAS) shall notify producers covered by a certification how to apply for adjustment assistance. Notification methods may include direct mailings to known producers, messages to directly affected producer groups and organizations, electronic communications, Web site notices on the Internet, use of broadcast print media, and transmittal through local USDA offices.

(3) There has been a decrease in the price of the agricultural commodity based on:

(i) The price received for the agricultural commodity by the producer during the marketing year with respect to which the petition is filed from the average price for the commodity received by the producer in the 3 marketing years preceding that marketing year; or

(ii) The effective posted county price maintained by the Secretary for the agricultural commodity on the date on which the Administrator (FAS) accepts a petition for consideration as published in the FEDERAL REGISTER from

§ 1580.302

7 CFR Ch. XV (1–1–14 Edition)

the average effective posted county level price for the commodity in the 3 marketing years preceding that date. If USDA prices are not available, prices from verifiable sources, including universities, cooperatives, or local markets, may be used.

(4) If a petition is certified with respect to a commodity not produced by the producer every year, the producer may establish the average price received by the producer for the commodity in the 3 marketing years preceding the year in which the petition is filed by using annual price data for the 3 most recent marketing years in which the producer produced the commodity.

(5) The producer must certify that the producer has not received cash benefits under the Trade Adjustment Assistance for Workers or Trade Adjustment Assistance for Firms programs; or TAA for Farmers benefits based on the production of an agricultural commodity covered by another TAA for Farmers petition.

(a) If the Administrator (FAS) determines that any producer has received any payment under this program to which the producer was not entitled, or has expended funds received under this program for purpose that was not approved by the Administrator (FAS) such producer will be liable to repay such amount. The Administrator (FAS) may waive such repayment if it is determined that:

(1) The payment was made without fault on the part of the producer; and

(2) Requiring such repayment would be contrary to equity and good conscience.

(b) Unless an overpayment is otherwise recovered, or waived under paragraph (a) of this section, the Administrator (FAS), shall recover the overpayment as a debt following the procedures in 7 CFR part 3. The requirement for demand and notice and opportunity for a hearing under the debt collection procedures in 7 CFR part 3 shall satisfy the notice and hearing requirements under 19 U.S.C. 2401f(c), and the appeal procedures in §1580.505 of this part shall not apply to collection of overpayments

§ 1599.1 General statement.

(a) This part sets forth the general terms and conditions governing the donation of commodities by the Foreign Agricultural Service (FAS) of the U.S. Department of Agriculture (USDA) to participants in the McGovern-Dole International Food for Education and Child Nutrition Program (McGovern-Dole Program). Under the McGovern-Dole Program, participants use the donated commodities, proceeds from the sale of such commodities, or funds provided by FAS to implement activities in a foreign country pursuant to an agreement with FAS. FAS administers the McGovern-Dole Program and acts on behalf of the Commodity Credit Corporation (CCC) in cases where the agreement is funded with CCC resources.

(b) In addition to the provisions of this part, other regulations of general application issued by the Department, including the regulations set forth in Chapter 30 of this title, are applicable to the McGovern-Dole Program. In cases where an agreement is funded with CCC resources, provisions of the CCC Charter Act (15 U.S.C. 714 *et seq.*) and any other statutory provisions that are generally applicable to CCC are applicable to McGovern-Dole Program and the regulations set forth in this part.

(c) This part shall not apply to a donation by FAS to a foreign government or an intergovernmental agency or organization (such as the United Nations' World Food Program) under the McGovern-Dole Program.

§ 1599.2 Definitions.

Force majeure is a common clause in contracts, exempting the parties for non-fulfillment of their obligations as a result of conditions beyond their control, such as earthquakes, floods or war.

(5) An operating financial account in the proposed targeted country, or a satisfactory explanation for not having such an account and a description of how a McGovern-Dole Program agreement would be administered without such an account.

(b) In determining whether an entity will be eligible to be a participant, FAS may consider the entity's previous compliance or noncompliance with the provisions of this part and part 1499 of this title. FAS may consider matters such as whether the entity corrected deficiencies in the implementation of an agreement in a timely

(4) A list of each of the activities that would be implemented, with a brief statement of the objectives to be accomplished under each activity;

(5) For each proposed activity, the targeted geographic area, anticipated beneficiaries, and methods that the applicant would use to choose such beneficiaries, including obtaining and considering statistics on poverty levels, food deficits, literacy rates, and any other required items set forth on the FAS Web site at <http://www.fas.usda.gov>.

(i) The process that the applicant would use to sell the requested commodities, including steps the applicant would take to use, to the extent possible, the private sector in the monetization process; and

(ii) The procedures that the applicant would use to assure that sale proceeds and income are received and deposited into a separate, interest-bearing account and disbursed from such account for use only in accordance with the agreement;

(17) Any additional required items set forth on the FAS Web site at <http://www.fas.usda.gov>.

§ 1599.5 Agreements.

(a) After FAS approves an applicant's proposal, FAS will develop an agreement in consultation with the applicant. The agreement will set forth the obligations of FAS and the participant. A participant must comply with the terms of the agreement to receive assistance.

(b) A participant shall not use donated commodities, sale proceeds, income or FAS-provided funds for any activity or any expenses incurred by the participant prior to the date of the agreement or after the agreement is suspended or terminated, except as approved by FAS.

(c) The agreement will include a budget that sets forth the maximum amounts of sale proceeds and FAS-provided funds that may be expended for various purposes under the agreement. A participant may make adjustments to this budget without prior approval from FAS only as specified in the agreement.

(d) Prior to providing any donated commodities or FAS-provided funds to a participant under an agreement, FAS may require the participant to complete a training program administered by FAS that is designed to ensure that

the participant is aware of, and has the capacity to complete, all required reporting and audit functions set forth in this part.

(e) A participant will be prohibited from using FAS-provided funds to acquire goods and services, either directly or indirectly through another party, from certain countries that will be specified in the agreement. Any violation of this provision of the agreement will be a basis for immediate termination by FAS of the agreement in addition to the imposition of any other applicable civil and criminal penalties.

(f) The agreement will prohibit the sale or transshipment of the donated commodities to a country not specified in the agreement for as long as such donated commodities are controlled by the participant.

(g) FAS may enter into a multi-country agreement in which donated commodities are delivered to one country and activities are carried out in another.

(h) FAS may provide donated commodities and FAS-provided funds under a multiyear agreement contingent upon the availability of commodities and funds.

§ 1599.6 Payments.

(a) If the participant arranges for transportation in accordance with § 1599.7(b)(2), and the participant seeks payment directly, the participant shall, as specified in the agreement, either submit to FAS, or maintain on file and make available to FAS, the following documents:

(1) A signed copy of the completed Form CCC-512;

(2) The original, or a true copy of, each on-board bill of lading indicating the freight rate and signed by the originating carrier;

(4) For all containerized cargoes, a copy of the FGIS Container Condition Inspection Certificate;

(5) A signed copy of the liner booking note or charter party covering ocean transportation of the cargo;

(6) In the case of charter shipments, a signed notice of arrival at the first discharge port, unless FAS has determined that circumstances of force majeure have prevented the vessel's arrival at the first port of discharge;

(7) A request by the participant for reimbursement of freight, survey costs other than at load port, and other expenses approved by FAS indicating the amount due and accompanied by a certification from the carrier or other parties that payments have been received from the participant; and

(8) A document on letterhead and signed by an officer or agent of the participant specifying the name of the entity to receive payment; the bank ABA number to which payment is to be made; the account number for the deposit at the bank; the participant's taxpayer identification number; and the type of the account into which the payment will be deposited.

(b) If the participant arranges for transportation in accordance with § 1599.7(b)(2), and the participant has used a freight forwarder, the participant shall cause the freight forwarder to submit the documents specified in § 1599.6(a) in order to receive payment from FAS.

(c) In no case will FAS reimburse a participant for demurrage costs or pay demurrage to any other entity.

(d) If FAS has agreed to pay the costs of transporting, storing, and distributing the donated commodities from the designated port or point of entry, the participant will be reimbursed in the manner set forth in the agreement.

(e) If the agreement authorizes the payment of FAS-provided funds, FAS will pay these funds to the participant on a reimbursement for expenses basis, except as provided in paragraph (f)(1) of this section. The participant shall request the payment of FAS-provided funds to reimburse it for authorized expenses in the manner set forth in the agreement.

Foreign Agricultural Service, USDA

§ 1599.8

(f)(1) A participant may request an advance of the amount of funds specified in the agreement. FAS will not approve any request for an advance if:

(i) It is received earlier than 60 days after the date of a previous advance made in connection with the same agreement; or

(ii) Any required reports, as specified in §1499.13 and in the agreement, are more than six months in arrears.

(2) Except as may otherwise be provided in the agreement, the participant shall deposit and maintain in a bank account located in the United States all funds advanced by FAS. The account shall be interest-bearing, unless the exceptions in §3019.22(k) of this title apply, or FAS determines that this requirement would constitute an undue burden. The participant shall remit semi-annually to FAS any interest earned on the advanced funds. The participant shall, no later than 10 days after the end of each calendar quarter, submit a financial statement to FAS accounting for all funds advanced and all interest earned.

(3) The participant shall return to FAS any funds that are advanced by FAS if such funds have not been obligated as of the 180th day after the advance was made. Such funds and interest shall be transferred to FAS within 30 days of such date.

(g) If a participant is required to pay funds to FAS in connection with an agreement, the participant shall make such payment in U.S. dollars, unless otherwise approved in advance by FAS.

§ 1599.7 Transportation of goods.

(a) Shipments of donated commodities are subject to the requirements of 46 U.S.C. 55305 and 55314, regarding carriage on U.S.-flag vessels.

(b) Transportation of donated commodities and other goods such as bags that may be provided by FAS under the McGovern-Dole Program will be acquired under a specific agreement in the manner determined by FAS. Such transportation will be acquired by:

(1) FAS in accordance with the Federal Acquisition Regulations (FAR), the Department's procurement regula-

tions set forth in chapter 4 of title 48 of the Code of Federal Regulations (the AGAR) and directives issued by the Director, Office of Procurement and Property Management, U.S. Department of Agriculture; or

(2) The participant, with reimbursement by FAS, in the manner specified in the agreement.

(c) A participant that acquires transportation in accordance with paragraph (b)(2) of this section may only use the services of a freight forwarder that is licensed by the Federal Maritime Commission (FMC) and that would not have a conflict of interest in carrying out the freight forwarder duties. To assist FAS in determining whether there is a potential conflict of interest, the participant must submit to FAS a certification indicating that the freight forwarder:

(1) Is not engaged, and will not engage, in supplying commodities or furnishing ocean transportation or ocean transportation-related services for commodities provided under any McGovern-Dole Program agreement to which the participant is a party; and

(2) Is not affiliated with the participant and has not made arrangements to give or receive any payment, kick-back, or illegal benefit in connection with its selection as an agent of the participant.

(d) A participant that is responsible for transportation under paragraph (b)(2) of this section shall declare in the transportation contract the point at which the ocean carrier will take custody of commodities to be transported.

§ 1599.8 Entry and handling of commodities.

(a) The participant shall make all necessary arrangements for receiving the donated commodities in the targeted country, including obtaining appropriate approvals for entry and transit. The participant shall store and maintain the donated commodities in good condition from the time of delivery at the port of entry or the point of receipt from the originating carrier until their distribution, sale or barter.

(b) The participant shall, as provided in the agreement, arrange for transporting, storing, and distributing the

§ 1599.9

donated commodities from the designated point and time where title to the commodity passes to the participant by contracting directly with suppliers of services, as set forth in the agreement.

(c)(1) If a participant arranges for the packaging or repackaging of donated commodities that are to be distributed, the participant shall ensure that the packaging:

(i) Is plainly labeled in the language of the targeted country;

(ii) Contains the name of the donated commodities;

(iii) Includes a statement indicating that the donated commodities are furnished by the people of the United States of America; and

(iv) Includes a statement indicating that the donated commodities shall not be sold, exchanged or bartered.

(2) If a participant arranges for the reprocessing and repackaging of donated commodities that are to be distributed, the participant shall ensure that the packaging:

(i) Is plainly labeled in the language of the targeted country;

(ii) Contains the name of the reprocessed product;

(iii) Includes a statement indicating that the reprocessed product was made with commodities furnished by the people of the United States of America; and

(iv) Includes a statement indicating that the reprocessed product shall not be sold, exchanged or bartered;

(3) If a participant distributes donated commodities that are not packaged, the participant shall, to the extent practicable, display:

(i) Banners, posters or other media informing the public of the name and source of the donated commodities; and

(ii) A statement that the donated commodities may not be sold, exchanged, or bartered.

(d) A participant shall arrange with the government of the targeted country that all donated commodities to be distributed will be imported and distributed free from all customs, duties, tolls, and taxes. A participant is encouraged to make similar arrangements, where possible, with the government of the country where donated

commodities to be sold or bartered are delivered.

§ 1599.9 Damage to or loss of commodities.

(a) FAS will be responsible for the donated commodities prior to the transfer of title to the commodities to the participant. The participant will be responsible for the donated commodities following the transfer of title to the commodities to the participant. The title will transfer as specified in the agreement.

(b) A participant shall inform FAS, in the manner and within the time period set forth in the agreement, of any damage to or loss of the donated commodities that occurs following the transfer of title to the commodities to the participant. The participant shall take all steps necessary to protect its interests and the interests of FAS with respect to any damage to or loss of the donated commodities that occurs after title has been transferred to the participant. The agreement will specify whether the participant is responsible for obtaining a survey in the event that the donated commodities are damaged or lost following the transfer of title to the commodities to the participant.

(c) If the donated commodities are damaged or lost during the time that they are in the care of the carrier:

(1) And either FAS or the participant engages the services of an independent cargo surveyor, the surveyor will provide to FAS and the participant any report, narrative chronology or other commentary that it prepares;

(2) FAS and the participant will provide to each other the names and addresses of any individuals known to be present at the time of discharge or during the survey who can verify the quantity of damaged or lost commodities;

(3) And the participant engages the services of the surveyor, FAS will reimburse the participant for the reasonable costs, as determined by FAS, of the survey, unless:

(i) The participant was required by the agreement to pay for the survey;

(ii) The survey was a delivery survey and the surveyor did not also prepare a discharge survey; or

Foreign Agricultural Service, USDA

§ 1599.9

(iii) The survey was not conducted contemporaneously with the discharge of the vessel, unless FAS determines that such action was justified under the circumstances;

(4) Any survey obtained by the participant shall, to the extent practicable, be conducted jointly by the surveyor, the participant, and the carrier, and the survey report shall be signed by all parties;

(5) And the damage or loss occurred with respect to a bulk grain shipment, if the agreement provides that the participant is responsible for survey and outturn reports, the participant shall obtain the services of an independent cargo surveyor to:

(i) Observe the discharge of the cargo;

(ii) Report on discharging methods, including scale type, calibrations and any other factor that may affect the accuracy of scale weights, and, if scales are not used, state the reason therefor and describe the actual method used to determine weight;

(iii) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;

(iv) Advise on the quality of sweepings;

(v) Obtain copies of port or vessel records, if possible, showing the quantity discharged; and

(vi) Notify the participant immediately if the surveyor has reason to believe that the correct quantity was not discharged or if additional services are necessary to protect the cargo; and

(6) And the damage or loss occurred with respect to a container shipment, if the agreement provides that the participant is responsible for survey and outturn reports, the participant shall engage the services of an independent cargo surveyor to list the container numbers and seal numbers shown on the containers, indicate whether the seals were intact at the time the containers were opened, and note whether the containers were in any way damaged.

(d) If the participant has title to the donated commodities, and the value of any damaged donated commodities is in excess of \$1,000, the participant shall immediately arrange for an inspection by a public health official or other

competent authority approved by FAS and provide to FAS a certification by such public health official or other competent authority regarding the exact quantity and condition of the damaged commodities. The value of damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by CCC with respect to such commodities. The participant shall inform FAS of the results of the inspection and indicate whether the damaged commodities are:

(1) Fit for the use authorized in the agreement and, if so, whether there has been a diminution in quality; or

(2) Unfit for the use authorized in the agreement.

(e)(1) If the participant has title to the donated commodities, the participant shall arrange for the recovery of that portion of the donated commodities designated as suitable for the use authorized in the agreement. The participant shall dispose of donated commodities that are unfit for such use in the following order of priority:

(i) Sale for the most appropriate use, *i.e.*, animal feed, fertilizer, industrial use, or another use approved by FAS, at the highest obtainable price;

(ii) Donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iii) Destruction of the commodities if they are unfit for any use, in such manner as to prevent their use for any purpose.

(2) The participant shall arrange for all U.S. Government markings to be obliterated or removed before the donated commodities are transferred by sale or donation.

(f) A participant may retain any proceeds generated by the disposal of the donated commodities in accordance with paragraph (e)(1) of this section and shall use the proceeds for expenses related to the disposal of the donated commodities and for activities specified in the agreement.

(g) The participant shall notify FAS immediately and provide detailed information about the actions taken in accordance with paragraph (e) of this section, including the quantities, values and dispositions of commodities determined to be unfit.

§ 1599.10

§ 1599.10 Claims for damage to or loss of commodities.

(a) FAS will be responsible for claims arising out of damage to or loss of a quantity of the donated commodities prior to the transfer of title to the commodities to the participant.

(b) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be \$20,000 or greater, the participant will be responsible for:

(1) Initiating a claim arising out of such damage or loss, including actions relating to collections pursuant to commercial insurance contracts; and

(2) Notifying FAS immediately and providing detailed information about the circumstances surrounding such damage or loss, the quantity of damaged or lost donated commodities, and the value of the damage or loss.

(c) If the participant has title to the donated commodities, and the value of the damaged or lost donated commodities is estimated to be less than \$20,000, the participant will be responsible for providing detailed information about the damage or loss in the next report required to be filed under § 1599.13(c)(1) or (2) and shall not be required to initiate a claim collection action.

(d)(1) The value of a claim for lost donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by FAS with respect to such commodities.

(2) The value of a claim for damaged donated commodities shall be determined on the basis of the commodity acquisition, transportation, and related costs incurred by FAS with respect to such commodities, less any funds generated if such commodities are sold in accordance with § 1599.9(e)(1).

(e) If FAS determines that a participant is not exercising due diligence in the pursuit of a claim, FAS may require the participant to assign its rights to pursue the claim to FAS.

(f)(1) The participant may retain any funds obtained as a result of a claims collection action initiated by it in accordance with this section, or recovered pursuant to any insurance policy

7 CFR Ch. XV (1–1–14 Edition)

or other similar form of indemnification, but such funds shall only be expended for purposes approved in advance by FAS.

(2) FAS will retain any funds obtained as a result of a claims collection action initiated by it under this section; provided, however, that if the participant paid for the freight or a portion thereof, FAS will use a portion of such funds to reimburse the participant for such expense on a prorated basis.

§ 1599.11 Use of commodities and sale proceeds.

(a) A participant must use the donated commodities in accordance with the agreement.

(b) A participant shall not permit the distribution, handling, or allocation of donated commodities on the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliation of the potential consumers or beneficiaries.

(c) A participant shall not permit the distribution, handling, or allocation of donated commodities by the military forces or any government or insurgent group without the specific authorization of FAS.

(d) A participant may sell or barter donated commodities only if such sale or barter is provided for in the agreement or the participant is disposing of damaged commodities as specified in § 1599.9. The participant shall sell the donated commodities at a reasonable market price in the economy where the sale occurs. The participant shall use any sale proceeds, income, or goods or services derived from the sale or barter of the donated commodities only as provided in the agreement.

(e) The participant shall deposit all sale proceeds and income into a separate, interest-bearing account unless the exceptions in § 3019.22(k) of this title apply, the account is in a country where the laws or customs prohibit the payment of interest, or FAS determines that this requirement would constitute an undue burden.

(f) A participant may use sale proceeds or income to purchase real or personal property only if local law permits the participant to retain title to

Foreign Agricultural Service, USDA

§ 1599.13

such property. However, the participant shall not use sale proceeds or income to pay for the acquisition, development, construction, alteration or upgrade of real property that is:

(1) Owned or managed by a church or other organization engaged exclusively in religious pursuits; or

(2) Used in whole or in part for sectarian purposes, except that a participant may use sale proceeds or income to pay for repairs to or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of donated commodities, but only if such structure is not used in whole or in part for any religious or sectarian purposes while the donated commodities are stored in it. If such use is not specifically provided for in the agreement, such use may only occur after receipt of written approval from FAS.

(g) A participant shall endeavor to comply with §§ 3019.41 through 3019.43 of this title when procuring goods and services and when engaging in construction work to implement the agreement. The participant shall also establish procedures to prevent fraud. As provided for in the agreement, the participant shall enter into a written contract with each provider of goods, services or construction work that requires the provider to maintain adequate records to account for all donated commodities or funds or both provided to the provider by the participant and to submit periodic reports to the participant. The participant shall submit a copy of the signed contracts to FAS.

§ 1599.12 Subrecipients.

(a) If provided for in the agreement, a participant may utilize the services of a subrecipient to implement activities under this agreement. The participant shall enter into a written subagreement with the subrecipient, and provide a copy of such subagreement to FAS, in the manner set forth in the agreement, prior to the transfer of any donated commodities, sale proceeds, income or FAS-provided funds to the subrecipient. Such written subagreement shall require the subrecipient to pay to the participant the value of any donated commodities, sale proceeds,

income, or FAS-provided cash funds that are not used in accordance with the subagreement or are lost, damaged, or misused as a result of the subrecipient's failure to exercise reasonable care.

(b) If a participant demonstrates to FAS that it is not feasible to enter into a subagreement with a subrecipient, FAS may grant approval to proceed without a subagreement; provided, however, that the participant must obtain such approval from FAS prior to transferring any donated commodities, sale proceeds, income, or FAS-provided funds to the subrecipient.

(c) The participant shall monitor the actions of a subrecipient as necessary to ensure that donated commodities or funds provided to the subrecipient are used for authorized purposes in compliance with applicable laws and regulations and the agreement and that performance goals are achieved. The participant shall provide in the subagreement that the subrecipient must comply with applicable provisions of the regulations set forth in Chapter XXX of this title.

§ 1599.13 Recordkeeping and reporting requirements.

(a) A program participant shall retain records and permit access to records in accordance with the requirements of § 3019.53 of this title. The date of submission of the final expenditure report, as referenced in § 3019.53(b) of this title, shall be the final date of submission of the forms required by paragraphs (c)(1) and (2) of this section, as prescribed by FAS.

(b) A participant shall, within 30 days after export of all or a portion of the donated commodities, submit evidence of such export to FAS, in the manner set forth in the agreement. The evidence may be submitted through an electronic media approved by FAS or by providing the carrier's on board bill of lading. The evidence of export must show the kind and quantity of commodities exported, the date of export, and the country where commodities were delivered.

(c)(1) A participant shall submit to FAS information, using a form as prescribed by FAS, covering the receipt, handling and disposition of the donated

§ 1599.14

commodities. Such report shall be submitted to FAS, by the dates and for the reporting periods specified in the program agreement, until all of the donated commodities have been distributed, sold or bartered and such disposition has been reported to FAS.

(2) If the agreement authorizes the sale or barter of donated commodities, the participant shall submit to FAS information, using a form as prescribed by FAS, covering the receipt and use of sale proceeds and income, and, in the case of bartered commodities, covering the services and goods derived from the barter of donated commodities. Such reports shall be submitted to FAS, by the dates and for the reporting periods specified in the agreement, until all of the sale proceeds and income have been disbursed and reported to FAS. When reporting financial information, the participant shall include the amounts in U.S. dollars and the exchange rate.

(3) The participant shall report, in the manner specified in the agreement, its progress, measured against established baselines, towards achieving the objectives of the activities under the agreement.

(4) The participant shall retain copies of and make available to FAS all barter receipts, contracts or other documents related to the barter of the donated commodities and the services or goods derived from such barter, for a minimum of two years after the agreement has been closed out.

(5) The participant shall provide to FAS additional information or reports relating to the agreement if requested by FAS.

(d) A participant shall submit to FAS, in the manner specified in the agreement, an annual audit in accordance with §3019.26 of this title. If FAS requires an annual financial audit with respect to a particular agreement, and FAS provides funds for this purpose, the participant shall arrange for such audit and submit to FAS, in the manner specified in the agreement.

(e)(1) A participant shall, as provided in the agreement, submit to FAS interim and final evaluations of the implementation of the agreement. Unless otherwise provided in the agreement, the evaluations shall be submitted at the mid-point and end-point of the im-

7 CFR Ch. XV (1–1–14 Edition)

plementation period. The participant shall arrange for the evaluations to be conducted by an independent third party that:

(i) Is financially and legally separate from the participant's organization;

(ii) Has staff with demonstrated knowledge, analytical capability, language skills and experience in conducting evaluations of development programs involving agriculture, education, and nutrition;

(iii) Uses acceptable analytical frameworks such as comparison with non-project areas, surveys, involvement of stakeholders in the evaluation, and statistical analyses;

(iv) Uses local consultants, as appropriate, to conduct portions of the evaluation; and

(v) Provides a detailed outline of the evaluation, major tasks, and specific schedules prior to initiating the evaluation.

(2) Receipt by FAS of the evaluations referred to in paragraph (e)(1) of this section is a condition for the participant to retain any funds provided by FAS to carry out the evaluations.

(f) A participant shall submit to FAS the financial reports and information outlined in §3019.52 of this title. The agreement will specify the acceptable forms and time requirements for submission.

§ 1599.14 Noncompliance with an agreement.

If a participant fails to comply with a term of an agreement, FAS may take one or more of the enforcement actions set forth in §3019.62 of this title and, if appropriate, initiate a claim against the participant. FAS may also initiate a claim against a participant if the donated commodities are damaged or lost or the sale proceeds, income, or FAS-provided funds are lost due to an action or omission of the participant.

§ 1599.15 Suspension, termination, and closeouts of agreements.

(a) An agreement may be suspended or terminated by FAS if it determines that:

(1) The continuation of the assistance provided under the agreement is no longer necessary or desirable; or

Foreign Agricultural Service, USDA

§ 1599.17

(2) Storage facilities are inadequate to prevent spoilage or waste, or distribution of the donated commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the targeted country.

(b) An agreement may be terminated in accordance with § 3019.61 of this title. If an agreement is terminated, the participant shall:

(1) Be responsible for the safety of any undistributed donated commodities and dispose of such commodities only as agreed to by FAS; and

(2) Follow the closeout procedures in §§ 3019.71 through 3019.73 of this title.

(c) An agreement will be considered completed when FAS and the participant have fulfilled their responsibilities under the agreement or the agreement has been terminated. The proce-

dures in §§ 3019.71 through 3019.73 of this title will apply to the closeout of a completed agreement.

§ 1599.16 Appeals.

A participant may appeal a determination arising under this part to FAS. Such appeal will be in writing and submitted to the FAS official and in the manner set forth in the agreement. The participant will be given an opportunity to have a hearing before a final decision is made regarding its appeal.
